

TRM-C Series

Handheld Microscope

- ▶ Several magnifications available
- ▶ Coaxial Illumination
- ▶ Rugged construction
- ▶ Easy to use

The **TRM-C Series** is a handheld microscope used to inspect various microscopic samples. Coaxial illumination, provided by a white LED, is powered by three AAA batteries giving the microscope a 7 hour continuous battery life. Magnifications range from 100x to 400x with a field of view from 1.6mm to 0.465mm. The windowed positioning adapter allows you to position the microscope over your sample and focus is easily adjusted by rotating the eyepiece. The small size and ruggedized design make it ideal for field use and ensures years of trouble-free operation. Typical applications include taggant verification, anti-counterfeiting, questioned documents and general inspection.

Features and Specifications		
Model Number:	Optical Magnification:	Field of View:
TRM-C100	100x	1.6mm
TRM-C150	150x	1.1mm
TRM-C200	200x	0.8mm
TRM-C300	300x	0.55mm
TRM-C400	400x	0.465mm
Controls	ON/OFF Switch, Focus Control	
Power Source	3 "AAA" Batteries (included)	
Illumination Technique	Coaxial	
Lamp Type	White LED	
Life of Lamp	100,000+ hr life	
Dimensions	22.5 x 3.2 x 6.5 (cm)	
Weight	1.10 lbs (0.5kg)	
Warranty	1 year
