

MAKES IT BRIGHT

PROFESSIONAL MODEL | HIGH QUALITY | TOUGH

- Our professional model carrying cases are highly versatile pieces of equipment and well suited to mobile operations and for use out in the field.
- The cases are equipped with a plastic foam interior which is custom designed to suit the different models of Labino lamps.
- Its tough exterior and superb quality mean that it can be shipped anywhere, together with our lamps, without the need for further packaging.
- The case can be locked and secured before shipping (recommended) as there are holes for a padlock or plastic straps.
- The case is also IP65 certified which means that it is dust and water jetting proof.
