

You know what he's looking for...

What's he looking with?

Model SS-1840L Shown

See the Unseen!

Every Patrol Car needs SPY•STIK!

- Why spend hours tearing a car down? Use SPY•STIK: Look *inside* those hiding places!

Investigate nooks and crannies. Look inside walls. Find lost or hidden objects. This indispensable new inspection tool uses fiber optics to allow unprecedented access to places you could never before see!

Every Investigator needs SPY•STIK!

**Search the easy way!**  
In this time of heightened security you're doing more vehicle searches. Improve your effectiveness with SPY•STIK

- Why wonder how much contraband is hidden in jail cells? Now easily look into drain pipes and behind mirrors with SPY•STIK!

Available in 18" and 36" lengths, with either a .23" flexible shaft, or the .40" Stay-Flex shaft (bends, but holds a shape). Custom lengths also available... please inquire.

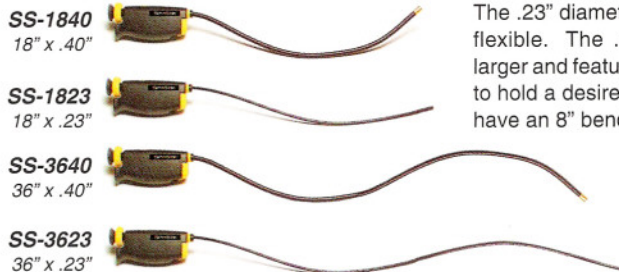

Wide 40° field-of-view lets you focus as close as 3/4" or across a room. Sealed *submersible* cable. Uses two AA batteries. Carry case included!

**Simple one-handed operation!**  
Focus and operate the built-in illuminator with just one hand.

Every Drug Task Force needs SPY•STIK!

Four versatile models:

Two shaft sizes available:

The .23" diameter shaft is small and flexible. The .40" shaft is slightly larger and features "Stay-Flex" cable to hold a desired shape. Both sizes have an 8" bend radius.

**Optional Mirror-Bulb-Magnet Kit:**  
Three Helpful Accessories!
